

Technology Subcontractors and Suppliers

Our clients have entrusted our firm with their legal needs for over 30 years. We are keenly focused on providing comprehensive legal solutions for contractors and subcontractors.

Located in Prince William County, just miles from large microchip fabrication plants, biotech, and aerostructures providers, we are positioned in Northern Virginia's hub of innovation and tech.

Relocation & Expansion

Reducing the distance to the key markets is critical when serving your clients from a quality and cost standpoint. VF&N can assist with the local regulatory environment, development incentives, land use, employment law, construction law, and commercial real estate leases. Our Attorneys understand the Northern Virginia business landscape and provide counsel to out of state subcontractors looking to navigate local regulations and complexities.

Formation of a Subsidiary

VF&N can provide legal services for every step in the formation of a subsidiary, from articles of organization and teaming agreements to contractor licenses. Our attorneys ensure that your new subsidiary is expertly crafted, giving your company the freedom to diversify with minimal risk.

Represented Industries:

- Specialty Chemical Suppliers
- Clean Welding
- Geotechnical Contractors
- Data Science Firms
- Industrial Equipment Suppliers
- Construction

Technology Subcontractors and Suppliers

Employment Law

VF&N works with Contractors and Sub-Contractors to avoid legal pitfalls in human resourcing and navigate the circumstances that define the industry. Wage and hour laws, contingent workforce, worker misclassification concerns and employment agreements.

Intellectual Property

VF&N assist tech companies and their subcontractors in reducing the risk of trade secret and confidentiality issues. Services include confidentiality and non-disclosure provisions, outsourcing arrangements, enforcement protocols, infringement analysis and related litigation.

Supplier & Vendor Contracts

VF&N drafts, reviews and negotiates complex contracts and legal agreements, contractor and subcontractor agreements, independent contractor agreements, property and equipment leases, changes in scope and deliverable, disclaimers and indemnifications.
